

December 16, 2025: Letter to Speaker Burrows

RE: Ongoing Trump Spying and Intimidation Efforts

Good morning,

I am writing again to remind you, as the Speaker of the House of the People of the State of Texas, that the President of the United States, a Republican Party leader, is using his position in government to illegal suppress my political viewpoints and speech.

As I have previously written to your office about, the Trump administration is maintaining an ongoing spying program over my life that is attempting to 'engage' my home in psychological warfare actions whenever I am viewing any topics related to current events.

Although this is not the only times that his team of spying thugs, and actual criminals, are attempting to cause disturbances to our home, it does seem to be the main reason why they are attempting to engage our home in this ongoing operation.

As I have already publicly disclosed, I am preparing to bring a lawsuit against him and his criminal administration and I hope that you will spread the word within your own party that Donald Trump's team is conducting this psychological warfare against the USA at this time.

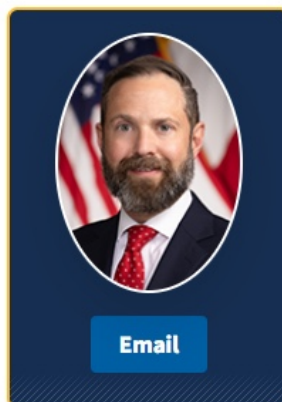

Please help advise your political team that this is not a good strategy for the future of Republican politics.

Thank you.

Chris Carlin

Rep. Burrows, Dustin
